Instructions

1. Start by drawing a pattern in pencil on your canvas board. You can create geometric designs, a still life, or even a portrait in dried beans.
2. Paint a thin layer of glue in one area of your pattern and sprinkle the area with colourful beans. Use a single colour in each area.
3. Use the ruler to tidy up the edges of the beans before moving on to the next area.
4. Repeat steps 1 through 3 until the board is covered. Let dry for 1 hour.
